

# CAT'S EYES!

## ADOPT A CAT MONTH!

**JUNE ONLY:** Adopt a cat for \$55 - one half the normal adoption fee and receive FREE cat food for six months.

Ty (left) is an orange tabby with eyes to die for. Love me, love me, love me! Playful and friendly he likes to be held and to climb on your shoulders. Spot (below) was short-changed from the beginning. left in a cage for six months as a kitten, he is shy with people. But he loves Moo Moo, a white cat with black spots that was his cage-mate. If you could adopt them together, Spot would at last have the wonderful life that he deserves.

## Volunteering! The pay isn't good, but the benefits are priceless..

Amanda Bramble is a rare person. Full of enthusiasm, she tackles the time-consuming task of calling volunteers and asking them to fill critical needs.

Amanda has goals and she is striving to meet them with the help of volunteers. She wants to see that each dog gets to go for a walk every day. She wants the cats to be whispered with each day. She wants the house to undergo an extreme make-over. Most of all, she wants all the animals that we can possibly take to go to off-site adoption venues which increases their chances of being adopted. Here are the people who said YES to Amanda for the month of May:

- Elaine Lowry
- Ann Dixon
- Sharon Pfeffer
- Deanna Van Skiver
- Lisa Crummet
- Tasha Fox
- Patsy Foxwell
- Milford Foxwell
- Grace Akers
- Susan Durst
- Kaitlyn Dido
- Jen Fu
- Misti Green
- Susan Monaghan
